

## Liste faunistique des Trichoptères de France métropolitaine avec les combinaisons originales et les principales synonymies COPPA & TACHET 2024

Cette liste faunistique est issue des citations relevées de la littérature et des travaux de l'inventaire des Trichoptères de France (INVT). Les combinaisons binominales originales sont données ainsi que les principales synonymies. La présentation adopte l'ordre le plus couramment utilisé (voir le chapitre Phylogénie des Trichoptères), la nomenclature se rapprochant le plus possible de Fauna europaea ([www.faunaeur.org](http://www.faunaeur.org)) et de World Trichoptera. Par ailleurs, nous privilégions à ce jour les options suivantes :

- *Wormaldia* spp. : nous adoptons la taxonomie d'OLÁH et al. 2019.
- *Rhyacophila fasciata* : nous suivons la révision d'OLÁH et al. 2020.
- *Rhyacophila dorsalis* : les distributions des diverses sous-espèces montrent des zones de chevauchement, qui sous-tendent l'existence, dans notre pays, de formes de transition (MALICKY 2002).
- *Micrasema difficile* Mosely, 1934 : le statut de cette espèce n'est pas encore clairement défini (MALICKY 2005). Il pourrait s'agir de *M. vestitum* selon BOTOSANEANU & GONZÁLEZ 2006.
- *Micrasema gabusi* Schmid, 1952 : de même, cette espèce pourrait être un synonyme de *M. longulum*, toujours selon BOTOSANEANU & GONZÁLEZ 2006.
- Pour la sous-famille des Drusinae, nous adoptons la taxonomie d'OLÁH et al. 2017 qui modifie profondément la nomenclature, notamment par la position des espèces des genres *Anomalopterygella*, *Cryptothrix*, *Leptodrusus*, *Metanoea* et *Monocentra* nouvellement placées dans le genre *Drusus*. *D. vercorsicus* Botosaneanu & Dumont, 2003 est considérée valide et non comme synonyme de *Metanoea malickyi* Sipahiler, 1992.
- *Limnephilus audeus* Botosaneanu, 2000 est considérée comme synonyme de *L. centralis*.
- *Alpopsyche ucerorum* Botosaneanu & Giudicelli, 2004 est considérée comme une combinaison binominale valide, au lieu du genre *Rhadicoleptus* (cf. WARINGER & GRAF 2011, OLÁH et al. 2019).
- Nous ne validons pas l'espèce *Platyphylax vinconi* Oláh, 2022 qui nous apparaît être une redescription d'*Alpopsyche ucerorum* Botosaneanu & Giudicelli, 2004.
- *Potamophylax nigricornis* (Pictet, 1834) est pour le moment conservée à la faune de France, le temps de réviser les spécimens lui étant précédemment attribués, et appartenant vraisemblablement à trois espèces nouvelles (voir OLÁH et al. 2013).
- Adoption du genre *Simaphylax* pour des espèces antérieurement intégrées au genre *Melampophylax* (voir OLÁH et al. 2019).
- Adoption du genre *Stenophylax* pour les espèces précédemment incluses dans le genre *Micropterna* (cf. BOTOSANEANU dans sa faune du Levant, ou MORSE dans World Trichoptera, OLÁH et al. 2019).
- Adoption du genre *Homilia* pour *Athripsodes leucophaeus*.
- Adoption du genre *Anabolia* pour *A. brevipennis* au lieu du genre *Phacopteryx*.
- *Triaenodes canus* Navás, 1933, *T. conspersus* (Rambur, 1842) et *T. simulans* Tjeder, 1929 ne sont pas intégrées au genre *Ylodes* Milne, 1934 (cf. MORSE in Trichoptera world).

À ce jour, la faune de notre pays compte donc 549 espèces et sous-espèces réparties en 101 genres et 23 familles.

### Sous-Ordre des Annulipalpia

Philopotamoidea

#### Philopotamidae

*Philopotaminae*

*Philopotamus* Stephens, 1829

1. *Philopotamus amphilectus* McLachlan, 1884
2. *Philopotamus corsicanus* Mosely, 1938

3. *Philopotamus liguricus* Malicky, 1984
4. *Philopotamus ludificatus* McLachlan, 1878
5. *Philopotamus montanus montanus* (Donovan, 1813)
  - = *Phryganea montanus* Donovan, 1813
  - = *Philopotamus scopulorum* Stephens, 1836
  - = *Phryganea charpentieri* Zetterstedt, 1840
  - = *Philopotamus tigrinus* Brauer, 1857
6. *Philopotamus montanus caurelensis* González & Terra, 1979
7. *Philopotamus perversus* McLachlan, 1884
8. *Philopotamus variegatus* (Scopoli, 1763)
  - = *Phryganea variegatus* Scopoli, 1763
  - = *Philopotamus flavidus* Hagen, 1864
  - = *Philopotamus pedemontanus* Navás, 1934

*Wormaldia* McLachlan, 1865

9. *Wormaldia ariega* Oláh & Vinçon, 2022
10. *Wormaldia arlua* Oláh & Vinçon, 2023
11. *Wormaldia artillac* Sipahiler, 1999
12. *Wormaldia botosaneanui* Moretti, 1981
13. *Wormaldia copiosa* (McLachlan, 1868)
  - = *Wormaldia columbinus* Pictet, 1834 partim
  - = *Dolophilus copiosa* McLachlan, 1868
  - = *Dolophilus cuprosus* Obenberger, 1952
14. *Wormaldia echinata* Tobias, 1995
15. *Wormaldia gardensis* Sipahiler, 1999
16. *Wormaldia gattolliati* Malicky & Graf, 2017
17. *Wormaldia langohri* Botosaneanu & Giudicelli, 2001
18. *Wormaldia longiseta* Coppa & Oláh, 2019
19. *Wormaldia maclachlani* Kimmins, 1953
20. *Wormaldia maritima* Oláh & Vinçon, 2022
21. *Wormaldia marlieri* Moretti, 1981
22. *Wormaldia mediana* McLachlan, 1878
23. *Wormaldia meridionalis* Vaillant, 1974
24. *Wormaldia moselyi* Kimmins, 1953
25. *Wormaldia occipitalis* (Pictet, 1834)
  - = *Hydropsyche occipitalis* Pictet, 1834
  - = *Hydropsyche columbina* Pictet, 1834
  - = *Aphelocheira subaurata* Stephens, 1836
  - = *Philopotamus longipennis* Brauer, 1857
  - = *Philopotamus ramburii* Kolenati, 1859
  - = *Tinodes (Oncocerus) pallescens* Kolenati, 1859
  - = *Wormaldia lambda* Navás, 1934, nomen dubium (MALICKY 2005)
26. *Wormaldia pulla* (McLachlan, 1878)
  - = *Dolophilus pulla* McLachlan, 1878
27. *Wormaldia subnigra* McLachlan, 1865
28. *Wormaldia subterranea* Radovanović, 1932
29. *Wormaldia triangulifera* McLachlan, 1878
30. *Wormaldia variegata* Mosely, 1930
31. *Wormaldia vercorsica* Vaillant, 1974

*Chimarrinae*

*Chimarra* Stephens, 1829

32. *Chimarra marginata* (Linné, 1767)
  - = *Phryganea marginata* Linné, 1767
  - = *Phryganea aurovitta* Dufour, 1841

Hydropsychoidea

**Hydropsychidae**

### Dipletroninae

#### *Dipletrona* Westwood, 1840

- 33. *Dipletrona atra* McLachlan, 1878
  - = *Hydropsyche hellenica* Jacquemart, 1957
- 34. *Dipletrona felix* McLachlan, 1878
  - = *Aphelocheira flavomaculata* Stephens, 1836
- 35. *Dipletrona magna* Mosely, 1930
- 36. *Dipletrona meridionalis* (Hagen, 1864)
  - = *Aphelocheira meridionalis* Hagen, 1864

### Hydropsychinae

#### *Cheumatopsyche* Wallengren, 1891

- 37. *Cheumatopsyche lepida* (Pictet, 1834)
  - = *Hydropsyche lepida* Pictet, 1834
  - = *Hydropsyche angustata* Pictet, 1834
  - = *Hydropsyche ventralis* Curtis, 1836
  - = *Tinodes albipunctata* Stephens, 1836
  - = *Hydropsyche varia* Rambur, 1842

#### *Hydropsyche* Pictet, 1834

- 38. *Hydropsyche acinoxas* Malicky, 1981
- 39. *Hydropsyche angustipennis* (Curtis, 1834)
  - = *Philopotamus angustipennis* Curtis, 1834
  - = *Hydropsyche nebulosa* Pictet, 1834
  - = *Hydropsyche tincta* Pictet, 1834
  - = *Hydropsyche aspersa* Rambur, 1842
  - = *Hydropsyche longipennis* Debauche, 1935
- 40. *Hydropsyche botosaneanui* Marinković-Gospodnetić, 1966
- 41. *Hydropsyche brevis* Mosely, 1930
- 42. *Hydropsyche bulbifera* McLachlan, 1878
  - = *Hydropsyche nebulosa* Brauer, 1857
  - = *Hydropsyche protecta* Navás, 1923
  - = *Hydropsyche atrata* Navás, 1933
  - = *Hydropsyche mosulensis* Mosely, 1934
  - = *Hydropsyche subguttata* Martynov *sensu* Schmid, 1959
  - = *Hydropsyche fallaciosa* Kumansky & Botosaneanu, 1974
- 43. *Hydropsyche bulgaromanorum* Malicky, 1977
- 44. *Hydropsyche contubernalis contubernalis* McLachlan, 1865
- 45. *Hydropsyche contubernalis masovica* Malicky, 1977
- 46. *Hydropsyche cyrnotica* Botosaneanu & Giudicelli, 1981
- 47. *Hydropsyche dinarica* Marinković-Gospodnetić, 1979
- 48. *Hydropsyche doehleri* Tobias, 1972
- 49. *Hydropsyche exocellata* Dufour, 1841
  - = *Hydropsyche ophthalmica* Rambur, 1842
  - = *Hydropsyche borealis sensu* Tobias, 1972
- 50. *Hydropsyche fulvipes* (Curtis, 1834)
  - = *Philopotamus fulvipes* Curtis, 1834
  - = *Hydropsyche atomaria* Kolenati, 1858
- 51. *Hydropsyche fumata* Tobias, 1972
- 52. *Hydropsyche guttata* Pictet, 1834
  - = *Hydropsyche lanceolata* (Curtis, 1836)
  - = *Hydropsyche laeta* Imhoff & Labram, 1838
  - = *Hydropsyche adspersula* Kolenati, 1852
  - = *Hydropsyche danubii* Brauer, 1857
- 53. *Hydropsyche incognita* Pitsch, 1993
- 54. *Hydropsyche instabilis* (Curtis, 1834)
  - = *Hydropsyche maculata* (Donovan, 1813)

- = *Hydropsyche cinerea* Pictet, 1834
- = *Philopotamus instabilis* Curtis, 1834
- = *Hydropsyche lanceolata* McLachlan, 1865
- = *Hydropsyche pallida* Pictet, 1865
- = *Hydropsyche stictica* Pictet, 1865
- = *Hydropsyche hiberna* Schmid, 1952
- 55. *Hydropsyche modesta* Navás, 1925
  - = *Hydropsyche dissimulata* Kumanski & Botosaneanu, 1974
- 56. *Hydropsyche ornatula* McLachlan, 1878
  - = *Hydropsyche atomaria* Pictet, 1834
  - = *Hydropsyche subguttata* Martynov, 1927
- 57. *Hydropsyche pellucidula* (Curtis, 1834)
  - = *Philopotamus pellucidula* Curtis, 1834
  - = *Hydropsyche laeta* Pictet, 1834
  - = *Hydropsyche tenuicornis* Pictet, 1834
  - = *Hydropsyche variabilis* Pictet, 1834
  - = *Hydropsyche hibernica* Curtis, 1836
  - = *Hydropsyche atomaria* Rambur, 1842
  - = *Hydropsyche maxima* Brauer, 1857
  - = *Hydropsyche versicolor* Brauer, 1857
  - = *Hydropsyche uentchensis* Schmid, 1968
- 58. *Hydropsyche saxonica* McLachlan, 1884
  - = *Hydropsyche bujori* Murgoci 1960
  - = *Hydropsyche dentata* Kumanski, 1974
- 59. *Hydropsyche silfvenii* Ulmer, 1906
- 60. *Hydropsyche siltalai* Döhler, 1963
- 61. *Hydropsyche spiritoi* Moretti, 1991
- 62. *Hydropsyche subalpina* Botosaneanu & Giudicelli, 2004
- 63. *Hydropsyche tenuis* Navás, 1932

## Ecnomidae

*Ecnomus* McLachlan, 1878

- 64. *Ecnomus deceptor* McLachlan, 1884
- 65. *Ecnomus tenellus* (Rambur, 1842)
  - = *Philopotamus tenellus* Rambur, 1842
  - = *Ecnomus falcatus* Mosely, 1932
  - = *Ecnomus omiensis* Tsuda, 1942

## Polycentropodidae

*Cyrnus* Stephens, 1836

- 66. *Cyrnus cintronus* McLachlan, 1884
- 67. *Cyrnus crenaticornis* (Kolenati, 1859)
  - = *Tinodes crenaticornis* Kolenati, 1859
- 68. *Cyrnus flavidus* McLachlan, 1864
  - = *Cyrnus albiguttatus* Kolenati, 1859
  - = *Tinodes tenuis* Kolenati, 1859
- 69. *Cyrnus insolutus* McLachlan, 1878
  - = *Philopotamus urbanus* Rambur, 1842
  - = *Cyrnus fenestratus* Ris, 1893
- 70. *Cyrnus trimaculatus* (Curtis, 1834)
  - = *Philopotamus trimaculatus* Curtis, 1834
  - = *Cyrnus unipunctatus* Stephens, 1836
  - = *Plectronemia atomaria* Kolenati 1859

*Holocentropus* McLachlan, 1878

- 71. *Holocentropus dubius* (Rambur, 1842)
  - = *Philopotamus dubius* Rambur, 1842
  - = *Polycentropus irrorellus* Rambur, 1842
  - = *Polycentropus subnebulosus* McLachlan, 1864

- = *Polycentropus parfitti* McLachlan, 1865
- 72. *Holocentropus picicornis* (Stephens, 1836)
  - = *Polycentropus picicornis* Stephens, 1836
- 73. *Holocentropus stagnalis* (Albarda, 1874)
  - = *Nyctiophylax stagnalis* Albarda, 1874

*Neureclipsis* McLachlan, 1864

- 74. *Neureclipsis bimaculata* (Linnaeus, 1758)
  - = *Phryganea bimaculata* Linnaeus, 1758
  - = *Phryganea tigurinensis* Fabricius, 1798
  - = *Phryganea noctuaeformis* von Paula Schrank, 1802
  - = *Polycentropus concolor* Burmeister, 1839
  - = *Anticyra robusta* Walker, 1852

*Plectrocnemia* Stephens, 1836

- 75. *Plectrocnemia brevis* McLachlan, 1871
  - = *Plectrocnemia gracilligonopoda* Botosaneanu, 1960
- 76. *Plectrocnemia cevennensis* Coppa, 2011
- 77. *Plectrocnemia conspersa* (Curtis, 1834)
  - = *Philopotamus conspersa* Curtis, 1834
  - = *Hydropsyche senex* Pictet, 1834
- 78. *Plectrocnemia geniculata almoravida* Malicky, 1986
- 79. *Plectrocnemia geniculata corsicana* Mosely, 1930
  - = *Plectrocnemia confusa* Mosely, 1930
- 80. *Plectrocnemia geniculata geniculata* McLachlan, 1871
- 81. *Plectrocnemia laetabilis* McLachlan, 1880
- 82. *Plectrocnemia praestans* McLachlan, 1884
- 83. *Plectrocnemia scruposa* McLachlan, 1880

*Polycentropus* Curtis, 1835

- 84. *Polycentropus corniger* McLachlan, 1884
- 85. *Polycentropus corsicus* Mosely, 1931
- 86. *Polycentropus divergens* Mosely, 1930
  - = *Polycentropus leonhardi* Navás, 1934
- 87. *Polycentropus flavomaculatus* (Pictet, 1834)
  - = *Hydropsyche flavomaculatus* Pictet, 1834
  - = *Phryganea atomarius* von Paula Schrank, 1802
  - = *Hydropsyche brevicollis* Pictet, 1834
  - = *Hydropsyche vitreus* Pictet, 1834
  - = *Polycentropus multiguttatus* Curtis, 1835
  - = *Polycentropus concinnus* Stephens, 1836
  - = *Polycentropus fuliginosus* Stephens, 1836
  - = *Polycentropus pyrrhoceras* Stephens, 1836
  - = *Polycentropus trimaculatus* Stephens, 1836
- 88. *Polycentropus intricatus* Morton, 1910
  - = *Polycentropus almanzor* Schmid, 1952
- 89. *Polycentropus irroratus* Curtis, 1835
  - = *Polycentropus multiguttatus* McLachlan, nec Curtis
- 90. *Polycentropus kingi* McLachlan, 1881
- 91. *Polycentropus morettii* Malicky, 1977
- 92. *Polycentropus mortoni* Mosely, 1930
- 93. *Polycentropus pirisinui* Malicky, 1981
- 94. *Polycentropus schmidi* Novak & Botosaneanu, 1965

**Pseudoneureclipsidae**

*Pseudoneureclipsinae*

*Pseudoneureclipsis* Ulmer, 1913

- 95. *Pseudoneureclipsis lusitanica* Malicky, 1980

## Psychomyiidae

### Psychomyiinae

#### *Metalype*

96. *Metalype fragilis* (Pictet, 1834)  
= *Hydropsyche fragilis* Pictet, 1834  
= *Psychomyia urbana* Hagen, 1860

#### *Paduniella* Ulmer, 1913

97. *Paduniella vandeli* Décamps, 1965

#### *Psychomyia* Latreille, 1829

98. *Psychomyia pusilla* (Fabricius, 1781)  
= *Phryganea pusilla* Fabricius, 1781  
= *Anticyra gracilipes* Curtis, 1834  
= *Anticyra latipes* Curtis, 1834  
= *Psychomyia acuta* Pictet, 1834  
= *Psychomyia annulicornis* Pictet, 1834  
= *Psychomyia tenuis* Pictet, 1834  
= *Anticyra ciliaris* Stephens, 1836  
= *Anticyra subochracea* Stephens, 1836  
= *Cyrnus unicolor* Stephens, 1836  
= *Psychomyia bifurcata* Mosely, 1938

### Tinodinae

#### *Lype* McLachlan, 1878

99. *Lype auripilis* McLachlan, 1884  
100. *Lype phaeopa* (Stephens, 1836)  
= *Anticyra phaeopa* Stephens, 1836  
= *Anticyra gracilipes* Stephens, 1836  
= *Cyrnus urbanus* Stephens, 1836  
= *Tinodes pusillus* Kolenati, 1859  
= *Psychomyia derelicta* McLachlan, 1863  
= *Lype sinuata* McLachlan, 1878  
101. *Lype reducta* (Hagen, 1868)  
= *Psychomyia reducta* Hagen, 1868  
= *Lype flavospinosa* Mosely, 1930

#### *Tinodes* Leach, 1815

102. *Tinodes agaricinus* Mosely, 1930  
103. *Tinodes antonioi* Botosaneanu & Taticchi-Vigano, 1974  
104. *Tinodes assimilis* McLachlan, 1865  
105. *Tinodes consiglioi* Botosaneanu, 1980  
106. *Tinodes cortensis* Mosely, 1930  
107. *Tinodes dives* (Pictet, 1834)  
= *Hydropsyche dives* Pictet, 1834  
= *Hydropsyche flavicoma* Pictet 1834  
= *Hydropsyche nigripennis* Pictet 1834  
= *Hydropsyche picea* Pictet 1834  
= *Hydropsyche turtur* Pictet 1834  
= *Hydropsyche umeralis* Pictet 1834  
= *Rhyacophila laevigata* Pictet 1834  
= *Potamaria schmidtii* Kolenati 1848  
= *Tinodes bidentatus* Navás 1916  
108. *Tinodes fiumaltoensis* Sipahiler, 1995

109. *Tinodes foedellus* McLachlan, 1884  
 = *Tinodes antequeruelus* Schmid, 1952  
 110. *Tinodes luscini* Ris, 1903  
 111. *Tinodes maclachlani* Kimmins, 1966  
 = *Tinodes aureola* Zetterstedt, 1840  
 = *Tinodes pusillus* Walker, 1852  
 112. *Tinodes maculicornis* (Pictet, 1834)  
 = *Hydropsyche maculicornis* Pictet, 1834  
 = *Tinodes spinosa* Navás, 1923  
 = *Tinodes muticus* Navás, 1924  
 113. *Tinodes pallidulus* McLachlan, 1878  
 114. *Tinodes rostocki* McLachlan, 1878  
 115. *Tinodes sylvia* Ris, 1903  
 116. *Tinodes unicolor* (Pictet, 1834)  
 = *Hydropsyche unicolor* Pictet, 1834  
 = *Hydropsyche urbana* Pictet, 1834  
 117. *Tinodes waeneri* (Linnaeus, 1758)  
 = *Phryganea waeneri* Linnaeus, 1758  
 = *Hydropsyche microcephala* Pictet, 1834  
 = *Tinodes luridus* Curtis, 1834  
 = *Tinodes annulicornis* Stephens, 1836  
 = *Tinodes flaviceps* Stephens, 1836  
 = *Tinodes pallescens* Stephens, 1836  
 = *Tinodes pallipes* Stephens, 1836  
 = *Tinodes xanthoceras* Stephens, 1836  
 = *Phryganea griseola* Zetterstedt, 1840  
 = *Philopotamus longipennis* Rambur, 1842  
 118. *Tinodes zelleri* McLachlan, 1878

## Sous-Ordre des Spicipalpia

Rhyacophiloidea

### Rhyacophilidae

*Rhyacophila* Pictet, 1834

119. *Rhyacophila (Hyperrhyacophila) albardana* McLachlan, 1879  
 120. *Rhyacophila angelieri* Décamps, 1965  
 121. *Rhyacophila (Hyporhyacophila) aquitana* McLachlan, 1879  
 122. *Rhyacophila arcangelina* Navás, 1932  
 123. *Rhyacophila arties* Sipahiler, 2000  
 124. *Rhyacophila (Rhyacophila) aurata* Brauer, 1857  
 125. *Rhyacophila bonaparti* Schmid, 1947  
 = *Rhyacophila alpina* Vaillant, 1968  
 126. *Rhyacophila coppai* Oláh, 2020  
 127. *Rhyacophila (Rhyacophila) denticulata* McLachlan, 1879  
 128. *Rhyacophila (Rhyacophila) dorsalis dorsalis* (Curtis, 1834)  
 = *Philopotamus dorsalis* Curtis, 1834  
 = *Rhyacophila stigma* Stephens, 1836  
 = *Rhyacophila confinis* Navás, 1920  
 129. *Rhyacophila dorsalis acutidens* McLachlan, 1879  
 130. *Rhyacophila dorsalis persimilis* McLachlan, 1879  
 131. *Rhyacophila dorsalis obtusidens* McLachlan, 1879  
 132. *Rhyacophila (Hyporhyacophila) eatoni* McLachlan, 1879  
 133. *Rhyacophila (Pararhyacophila) erkakanae* Sipahiler, 1993  
 134. *Rhyacophila (Hyperrhyacophila) evoluta* McLachlan, 1879  
 135. *Rhyacophila (Rhyacophila) fasciata* Hagen, 1859  
 136. *Rhyacophila gallica* Leraut, 2024  
 137. *Rhyacophila (Hyporhyacophila) glareosa* McLachlan, 1867  
 138. *Rhyacophila (Pararhyacophila) intermedia* McLachlan, 1868  
 = *Rhyacophila contracta* McLachlan, 1879  
 = *Rhyacophila fraudulenta* McLachlan, 1879

 = *Phryganea vestita* Zetterstedt, 1840  
 = *Nais plicata* Rambur, 1842  
 = *Molanna angustata sericea* Kolenati, 1858

*Molannodes* McLachlan, 1866

526. *Molannodes tinctus* (Zetterstedt, 1840)  
 = *Phryganea tinctus* Zetterstedt, 1840  
 = *Molannodes zelleri* McLachlan, 1866  
 = *Molannodes steinii* McLachlan, 1872  
 = *Molannodes bergi* Ross, 1952

Sericostomatoidea

## Sericostomatidae

*Notidobia* Stephens, 1836

527. *Notidobia ciliaris* (Linnaeus, 1761)  
 = *Phryganea ciliaris* Linnaeus, 1761  
 = *Phryganea atra* Fourcroy, 1785  
 = *Phryganea atrata* Fabricius, 1793

*Oecismus* McLachlan, 1876

528. *Oecismus monedula* (Hagen, 1859)  
 = *Sericostoma monedula* Hagen, 1859

*Schizopelex* McLachlan, 1876

529. *Schizopelex furcifera* McLachlan, 1880

*Sericostoma* Latreille, 1825

530. *Sericostoma clypeatum* Hagen, 1864  
 531. *Sericostoma flavicorne* Schneider, 1845  
 532. *Sericostoma galeatum* Rambur, 1842  
 = *Sericostoma latreilli* Rambur, 1842  
 = *Phryganea buccata* Boyer de Fonscolombe, 1846  
 = *Sericostoma hamiferum* McLachlan, 1876
533. *Sericostoma personatum* (Kirby & Spence, 1826)  
 = *Phryganea personatum* Kirby & Spence, 1826  
 = *Prosoponia spencii* Kirby & W Spence, 1828  
 = *Phryganea chrysocephalum* Zetterstedt, 1833  
 = *Sericostoma collare* Pictet, 1834  
 = *Sericostoma multiguttatum* Pictet, 1834  
 = *Sericostoma latreillii* Curtis, 1834  
 = *Potomaria assimilis* Stephens, 1836  
 = *Potomaria hyalinum* Stephens, 1836  
 = *Sericostoma analis* Stephens, 1836  
 = *Sericostoma pedemontanum* McLachlan, 1876  
 = *Sericostoma foyanum* Navás, 1919

## Helicopsychidae

*Helicopsyche* Siebold, 1856

534. *Helicopsyche revelieri* McLachlan, 1884  
     = *Helicopsyche corsica* Vaillant, 1953  
     = *Helicopsyche shuttleworthi* von Siebold, 1856  
 535. *Helicopsyche sperata* McLachlan, 1876  
     = *Helicopsyche fannii* de Rougemont, 1879

## Beraeidae

*Beraea* Stephens, 1836

536. *Beraea aureomarginata* Mosely, 1930  
 537. *Beraea dira* McLachlan, 1875  
 538. *Beraea maurus* (Curtis, 1834)  
     = *Thya maurus* Curtis, 1834  
 539. *Beraea pallida* Mosely, 1930  
 540. *Beraea pullata* (Curtis, 1834)  
     = *Thya pullata* Curtis, 1834  
     = *Rhyacophila barbata* Pictet, 1834  
     = *Rhyacophila melas* Pictet, 1834  
     = *Rhyacophila nigrocincta* Pictet, 1834  
     = *Rhyacophila penicillus* Pictet, 1834  
     = *Beraea albipes* Stephens, 1836  
     = *Beraea marshamella* Stephens, 1836  
     = *Phryganea minuta* Zetterstedt, 1840 partim  
     = *Nais aterrima* Brauer, 1857  
     = *Beraea alticola* Vaillant, 1967

*Beraeamyia* Mosely, 1930

541. *Beraeamyia squamosa* Mosely, 1930  
 542. *Beraeamyia gudrunae* Malicky, 2002

*Beraeodes* Eaton, 1867

543. *Beraeodes minutus* (Linnaeus, 1761)  
     = *Phryganea minutus* Linnaeus, 1761  
     = *Beraeamyia eideli* Doehler, 1981

*Beraeodina* Mosely, 1931

544. *Beraeodina palpalis* Mosely, 1931

*Ernodes* Wallengren, 1891

545. *Ernodes articularis* (Pictet, 1834)  
     = *Rhyacophila articularis* Pictet, 1834  
     = *Beraea martynovi* Murgoci & Juncu, 1955  
 546. *Ernodes botosaneanui* Vaillant, 1982  
 547. *Ernodes malickyi* Sipahiler, 2001  
 548. *Ernodes nigroauratus* Mosely, 1930  
 549. *Ernodes vicinus* (McLachlan, 1879)  
     = *Beraea vicinus* McLachlan, 1879
